Dear MG [REDACTED]

I wanted to personally thank you for giving the NorthStar Aviation team the opportunity to provide aviation services to the Joint Air Command these past four years.

Our shareholder, HH Sh. Ahmed bin Saif Al Nhayan, is having major financial issues with his own company, Rotana Jet, and his civil aviation license has been suspended by the GCAA.

I am providing this information because he has taken control of the bank accounts and has revoked my Power of Attorney as CEO of NorthStar Aviation which effectively terminates my ability to manage ITAR compliance activities.

HH Sh. Ahmed will tell you that his actions are appropriate because of mismanagement, executive compensation, solvency of company, shareholder return etc. The facts are we have 3 times the assets over liabilities and our financials have been audited each year by Deloitte Touche. Additionally, he has been overcompensated by several million dollars despite making zero capital contributions to the company.

Regretfully, due to the actions of our shareholder and **Salem Al Dhaheri**, a UAE national and current employee, all activities associated with NorthStar Aviation's USA LLC's Technical Assistance Agreement TA-3671-12, as amended will cease effective October 25, 2017. We have informed all NorthStar Aviation and NorthStar Aviation USA employees, the UAE Embassy Washington D.C., and all subcontractors associated with this program.

I recommend that all further payments to NorthStar Aviation be ceased until NorthStar Aviation can provide evidence of a compliance program following U.S. import/export laws under U.S. Department of State and U.S. Department of Commerce.

Respectfully,

Reno Alberto

CEO

NorthStar Aviation USA LLC

YE MG [REDACTED]

With reference to Mr. Reno Alberto's letter addressed to YE, on Northstar Aviation L.L.C. In this connection, we would like to assure Y.E that the contents of his letter were either deceitful or irrelevant.

In fact and, in order to ensure that the financial management of the company, is not in violation of the UAE Company's Law or the MOA of Northstar, and most of all to ensure that there's no conflict of interests on this gentleman's acts, I called for a Board of Directors Meeting at the presence of the international audit firm Deloitte being the auditors of the company. During the meeting, I have asked from them: cash availability, bonus breakdown paid to the Executive Management and one note in the representation letter signed by the CEO Mr. Alden Burt Albert. Instead of getting the simple information I have asked for, I was surprised to see that quick turn of events from the CEO of Northstar Aviation.

Currently, full base audit has commenced, with financial and legal due diligence to assist our new company management to their role and way forward.

Meanwhile, I would like to reassure your Excellency that your association with Northstar Aviation both UAE and USA will remain as solid and satisfactory as ever. Furthermore, all the contracts NSA is performing for the GHQ are backed by 100% bank guarantees in favor of the GHQ. Following points of contact will be handling your accounts, each in the relevant area and, shall act as your first point of contact. YE may kindly instruct your team to please forward all of your enquiries to any of them as deemed appropriate:

1. Lyle Becka, Vice President – Operations (UAE – USA) lbecka@usanstar.com [REDACTED] 4557
2. Stefan Orlygsson (UAE), Production Manager SOrlygsson@nstar.ae [REDACTED] 3036
3. Salem Khaled Aldhaheri, Vice President – Corporate SalDhaheri@nstar.ae [REDACTED] 6363

Your understanding and support is highly appreciated.

Best regards,

Dr. Ahmed bin Salf Al Nehayan
Chairman
